

Scunthorpe • Boston • Grimsby

Bringing a Boost to Business

The Productivity Hubs Programme is a University of Lincoln initiative, funded by the ERDF and delivered by a range of industry experts, consultants, mentors and advisors. The Programme is aimed at helping businesses in **Scunthorpe**, **Boston** and **Grimsby** to develop, grow and thrive.

ACCELERATOR

Boost your business to new heights

The Accelerator programme is aimed at ambitious entrepreneurs in **logistics** (in Grimsby and Boston) and **advanced engineering** and **manufacturing** (in Scunthorpe) that are committed to accelerating the growth of their business. *Eligible businesses will receive a **FREE** package of intensive support designed to improve performance and drive growth, *and an opportunity to pitch for seed-funding grants of up to £10,000.*

For more information visit productivityhubs.co.uk

*Eligible businesses will have ideally been trading for about one to three years.

DEVELOPMENT

Business Development

Get **FREE** access to a business development manager, who will work with your business to identify key challenges and opportunities and help you to develop a plan to drive your business forwards to increased productivity and profitability. For more information visit
